OVERVIEW

Qualified for the position of Assistant Professor (*Maître de Conférences*), CNU Section 5 (2023)

My research focuses on **applied microeconomics** within the field of **health economics**. I specialize in evaluating **public policies**, particularly regarding the labor supply of physicians and access to healthcare. Furthermore, I am interested in issues related to aging, prevention, and the loss of autonomy. Alongside my research activities, I also have significant **teaching experience**.

CURRENT POSITION

2023-2025 Postdoctoral researcher in Economics

Affiliated to the Applied Economics Department (LIRAES URP 4470) and the Chaire AgingUP!

Université Paris Cité, Paris, France

Postdoctoral contract started in June 2023
